SAVING money today**

### **AMG GUARANTEE\***

We GUARANTEE that we will save you, AT LEAST, the cost of your yearly Chamber membership\*\* just by lowering your credit card processing rates. If, against all likelihood, we do not save your business at least that much – we will make up the difference for you for one (1) year. So, what do you have to lose? Regardless of how much we save your business, you get your LBCCC membership FREE for at least one year...it's that simple! All you have to do is allow AMG to review one or two of your current credit card processing statements, then we will write you up a full proposal to show you your savings.

#### Cash Advance

In addition to this great program, AMG now offers a Cash Advance Program. We give you cash now based on your business' future earnings. You can use the money for whatever your business needs – NO restrictions on how you use the money.

# *Think Chamber First!*

\*AMG must review at least one month's credit card processing statement from 2007. Savings are based upon the statement you give to AMG for review. Offer only applies to LBCCC members who are not currently using AMG for credit card processing. Must process at least \$2,000 monthly in Visa & MasterCard volume.

\*\*Yearly Chamber membership is based upon the cost for LBCCC members with 5 or less employees (\$285.00)
